10th Grade	Saint Lawrence School (ICSE)	2020 (Completed)

SKILLS

Technical Skills Java, Python, DBMS, Data Analysis and Visualization, Web Development

Soft Skills Leadership, Communication, Teamwork, Conflict Resolution

EXPERIENCE

Intern Oasis Infobyte	Mar 2024 - Apr 2024 New Delhi, India
<ul style="list-style-type: none">Online Intern in data analytics, applying Python for data cleaning, analysis, and visualization.Used statistical techniques to derive insights from large datasets during internship in data analytics.	
Intern HDLC Technologies	Jul 2023 - Aug 2023 Chennai, Tamil Nadu
<ul style="list-style-type: none">I did an Online Internship on Data Science and Machine Learning for 8 weeks at HDLC Technologies .I gained experience over various use cases and applications of Data.	

PROJECTS

Diabetes Prediction Model. Build a project that predicts whether the person is diabetic or not on providing the required inputs. I made this using the logical regression model of scikit learn and used flask as API.

Diamond Price Prediction. This is a ML Project which is capable enough to predict the price of Diamonds. I made this using the regression algorithm.

GLOBAL ACHIEVEMENTS

- Microsoft Azure 900 through Microsoft (2022)
- Oracle Foundations Associate through Oracle (2023)

ADDITIONAL

- Participated in two-day National Virtual Conference on Environmental Sustainability (NCES- 2022) conducted during 19 to 20 Dec 2021 organised by Dept of Chemistry, KLEF, Guntur, AP, India.
- Received a medal for securing a rank below 500 in Tata Steel Marathon for both consecutive years 2020 and 2021.
- Coordinator in Just A Minute (JAM) Event of KL Samyak-2023.
- Ranked 2nd in Cricket Tournament of KL University Hostel Premier League.
